THE PEOPLES' COLUMN

In commendation of the road officials I want to extend a bit of praise for their speedy and efficient work in dragging the roads following the recent heavy rains. The roads are being put in fine shape now, the ruts filled up and washing will be prevented when the next rain comes. The building up of the center slightly above the edges is making good drainage and the roads should be even better able to withstand the next rain than they were to undergo them after a summer of drouth when grading was impossible.

However, I would state again that I am unalterably opposed to the policy of fall road grading. It is not the time of year as the loose dirt is banked up with no hard bottom and merely the surface is crushed. When heavy rains come the surface is easily soaked up and a vehicle passing over the road sinks through it and into the soft earth beneath to become hopelessly bogged. Grading roads in the spring when we are receiving light but frequent rains permits the road to settle and pack with the moisture and the road is then good all summer long and with efficient and sufficient dragging is suitable for all weather travel the following winter.

Announcements of Baptist Meetings

The Monthly Workers' Council of the Brazos County Baptist Association, will meet with the First Baptist church in Bryan on Monday, November 23rd, in all day session, beginning at 9:30 a. m. The W. M. U. associational meeting, announced for Tuesday, has been changed to Monday the 23rd and will be held in connection with the Workers' Council. Lunch for all will be served at the tabernacle at the noon hour, with Circle Number Two of the First Baptist Woman's Auxiliary as hostesses. The official program for the day will be published later.

Webb Howell Calls Committee for Thursday Afternoon

The committee appointed by President Jno. M. Lawrence of the Chamber of Commerce to work out a budget for the next year's work was announced today. This committee was voted by the directors at the last meeting with the president forming one of the members: J. Webb Howell, Eugene Edge, W. J. Coulter, E. H. Astin, J. H. Webb, County Agent C. L. Beason, A. B. Conner and Jno. M. Lawrence. Chairman Howell has called a meeting for Thursday afternoon 4 o'clock at the Chamber of Commerce rooms.

Committee on By-Laws and Constitution: Major L. L. McInnis, Mrs. Lee J. Rountree, D. L. Wilson, J. N. Dulaney, George A. Adams, E. J. Kyle and H. H. Williamson.

Fare And Fifth Given Teachers To Dallas Meet

(Special to the Eagle).
FORT WORTH, Nov. 18.—Every county in Texas will have representatives at the Texas State Teachers Association convention in Dallas, November 26, 27, and 28. Brooks, Caldwell, Cherokee, Kleberg, Rockwall, and Trinity counties have enrolled every teacher in the association. One hundred per cent enrollment is reported in one or more schools in 105 other counties.

Railroad identification certificates have been issued to more than 9,500, the greater part of whom live at a considerable distance from Dallas. Railroads have granted the lowest rate in the history of the association meetings, charging one and one-fifth fares for the round trip. Hundreds will go by automobile from nearby counties.

Lee Clark, president of the association, has planned a notable program. Meetings of groups for study of classroom problems will be a feature of the convention. Nationally recognized educators will be the principal speakers and will lead conferences. Colleges will hold reunions and many organizations will have banquets.

Madison Hall, superintendent of the Bryan City Schools, has identification certificates for Bryan teachers.

FIRE BROKE OUT AT SEA AND THE SHIP RACED FOR BREAKWATER

Passengers and Members of Crew Taken Off Vessel by Small Boats Off Lewes, Delaware—One Body Found Floating in Sea By Fishermen—Identified as One Of Passengers.

(By Associated Press)
LEWES, Del., Nov. 18.—At least one person lost his life in the burning of the "Lenape" late this morning. A fisherman picked up a body off Lewes which was later identified as that of Robert Leverton. His coat bore the label of a Holyoke, Massachusetts, tailor.

LEWES, Del., Nov. 18.—After winning a race with death, 368 passengers and members of the crew aboard the blazing Clyde liner, "Lenape," were safely landed here at daybreak today. There were only a few casualties, most of which contained only minor burns. The fire started last night while the ship was off the Atlantic Coast. After the blaze was discovered the vessel was headed for the Delaware breakwater on the Delaware side of the mouth of Delaware Bay. The passengers and crew were taken off by boats sent out to meet the "Lenape."

VESSEL SCUTTLED—LOSS OF THREE MILLIONS
NEW YORK, Nov. 18.—Following the safe removal of all the passengers, the "Lenape" was scuttled by the side of the Delaware breakwater, the Clyde Line announced today. Officials here estimated the damage to the cargo and vessel at \$3,000,000.

Money Is Missing In Mails College Station Office

H. C. Beard of Bryan, regular clerk at the College Station Postoffice, was taken to Houston this morning in custody of two Federal Postoffice inspectors, according to information received by the Eagle. It seems that for some time past there has been money missing from the mails at College Station, it being first missed in mail placed in the Y. M. C. A. box at A. and M. College. At this season of the year there is an unusually large amount of money passing through the mails, due to remittances for tickets to the A. and M. Texas football game on Thanksgiving. The athletic department and the Y. M. C. A. were therefore both interested in the matter. The postmistress, Mrs. Florence M. Geyer, called the attention of the Federal Postal Department to the matter on complaint of money having gone astray in the mails. There has been no check-up made as to the amount of money thus lost.

MR. AND MRS. CARROLL WILL LIVE NEAR HERE

Mr. and Mrs. Truman Carroll arrived Monday from Clyde, Texas, where they were married on Sunday afternoon at the home of the bride's parents, Mr. and Mrs. Travis Cody. Mrs. Carroll was formerly Miss Cora Louise Cody, and a granddaughter of Mr. and Mrs. Cull Belton, who for many years were citizens of Brazos county. Mr. and Mrs. Carroll are receiving congratulations and best wishes from a host of friends, and are at home at Rock Prairie, where the groom had already prepared and furnished an attractive and cozy home for his bride.

HOLDERS OF PRESENT PERMITS BE SUBJECTED TO A RIGID EXAMINATION.

(By Associated Press).
WASHINGTON, Nov. 18.—The cancellation of all basic permits under the Prohibition Act, effective December 31, was decided upon today by Assistant Secretary Andrews of the Treasury. At the same time James Jones, Prohibition Director, ordered a searching investigation of all holders of permits for the distillation of alcohol, so the government may know the record of each before issuing permits for the next year.

MANY PAYING RED CROSS FEE FOR NEW YEAR

There being no public Red Cross office in Bryan at this time, no roll call for membership was formally held in Brazos county this year. However, many men and women, who realize the value of this important service and who, from personal experience know the benefits of Red Cross, "the greatest humanitarian organization on earth," have paid the \$1. and asked that their names be retained as "paid up" members in 1925. Any and all, who want to again be counted on the list of members of the American Red Cross for 1925, may leave their name and \$1 with the Red Cross treasurer, Fred L. Cavitt, at the City National Bank. The dates for re-enlistment in this great cause are from Armistice Day, November 11th to Thanksgiving Day, November 26th.

Mitchell Must Hike Amount to Care for Children

(By Associated Press).
MADISON, Wis., Nov. 18.—Colonel William Mitchell, being tried by a court-martial in connection with his criticism of the nation's air service, must pay \$2,000 a year more toward the support of his three children, the Wisconsin supreme court ruled today. The court affirmed, without opinion, an order granted his former wife, Caroline S. Mitchell, increasing the allowance from \$4800 to \$6800 a year.

FATHER OF THE PRESIDENT IS CRITICALLY ILL

(By Associated Press).
PLYMOUTH, Vt., Nov. 18.—The condition of Colonel John Coolidge, father of the president, has taken a turn for the worse, and is now serious, his physician, Dr. A. M. Cram, of Bridgewater, said today. The "heart block" from which he has suffered became more pronounced yesterday and today, and he has been ordered to abstain from all unnecessary activity.

Prof. Hughes to Madisonville On Consolidation

(Special to the Eagle).
COLLEGE STATION, Nov. 18.—Professor W. L. Hughes of the Vocational Teaching Department will go to Madisonville Saturday where he has been invited to address a group of interested people on "Consolidation of Schools."

VICTIM OF HIS OWN HAND IS OVER SEVENTY

J. K. SMITH, AGED 72, SHOT HIMSELF WITH 45-CALIBRE REVOLVER.

Despondency Thot

J. K. Smith, aged 72, of Roan's Prairie, Grimes County, 16 miles north of Navasota, shot and killed himself about 10:30 o'clock this morning with a 45-calibre revolver, according to a message sent by John Smith, Jr., a nephew of the deceased to Mrs. J. W. Fuller of this city who was reared by Mr. and Mrs. J. K. Smith. Smith lived on a farm there with his wife, aged 69 as his sole companion. Despondency is the only reason assigned for the cause of the tragedy. Mr. and Mrs. Fuller and daughters, Lottie and Lila left about 2:30 o'clock this afternoon for Roan's Prairie and will not return until after the funeral, probably Sunday.

WILLIAM SCOTT CHAPTER WILL MEET ON SATURDAY

William Scott Chapter, D. A. R., will meet Saturday afternoon at 3 o'clock with Mrs. J. L. Lush, at the Edge Apartment. All members are urged to attend.

INTERESTING MEETING OF BRYAN LIONS CLUB HELD TUESDAY NOON

An interesting program was presented at the regular weekly meeting of the Lions Club yesterday, and much interest was manifested by those present. Lions Miller and Brown lead the singing and succeeded in putting their usual punch and vigor into the rendition of the Lion songs and starting the meeting off in a spirit of good fellowship.

Lion Searcy, as chairman of a special committee, reported that the matter of dispensing with the luncheon at the Episcopal Guild for one meeting that the Lions might meet with the Rotarians in a joint meeting had been discussed with the ladies of the Episcopal Guild and that they were perfectly satisfied with the arrangement. After the reception of the report and the discharge of the committee a motion was made, seconded and adopted for the Lions Club to hold a joint meeting with the Rotarians at the Green Parrot some Wednesday noon, the date to be arranged later.

Lion Searcy, chairman of the program committee, introduced Dr. Jno. W. Black, who had agreed to render a vocal solo. Dr. Black expressed his appreciation of the privilege of being a guest of the Lions Club, and thanked the Lions Club for the splendid co-operation and fellowship shown in voting to change their date and place of meeting in order to hold a joint meeting with the Rotarians. As president of the Rotarians he explained that their Constitution would not permit the Rotarians to change place and date, for such a meeting which made it necessary for the Lions which have a more liberal provision to make the change in order that the joint meetings may be continued. He then sang "Little Mother of Mine" in that masterly manner so well known to Bryan audiences which have frequently enjoyed similar renditions.

Lion J. M. Ferguson made his classification talk which proved exceedingly interesting and instructive. He began by saying that any reference to taxes, particularly at a time so near the paying season, would probably not prove a pleasing topic. However, he proceeded, going back to the days of Abraham and unearthing some interesting facts of tax methods at that time. He then brought out interesting facts about taxes through the early English wars, touching upon the Stamp Act. After this he covered many phases of tax relations in Colonial days emphasizing the Boston Tea Party as an example of the results of unjust taxation, which in turn led to the American Revolution. Since that day, he said, we have had all kinds of taxes to vex our soul, and then branched off into a detailed explanation of income taxes, United States, State, county and city taxes, going into detail regarding State, county and city taxes.

S. G. Bailey, secretary of President T. O. Walton of the A. and M. College, was introduced as a guest of the Lions Club. He expressed his sincere appreciation at being a guest of the Lions Club, remarking that he much preferred listening to talking and closed by repeating a very beautiful poem, "The Clock."

Lion Searcy called upon a man who, he said, never fails to respond when called upon. This man was Sam E. Eberstadt, secretary of the Chamber of Commerce, who responded by saying that the Lions were rendering a splendid service in the rural community work, and that he wanted to take advantage of this opportunity to announce the Taber Community Club dedication next Friday night. At this time the new auditorium will be dedicated with appropriate exercises, and he said that he would like for the entire Lions Club to attend; that the Allen Academy twenty-five piece band would render the musical program and that the Rotarians would be asked to take part also. He also announced the play to be given by the Harvey school on Saturday night, November 28th, saying that the proceeds from this play would be used to purchase a piano. He requested the Lion Club members to attend this also. After this he took up the Bryan high and Smithville bi-district championship game which is to be played in Bryan on Allen Field next Friday at 3:30 p. m. A plea was made for a large attendance at the game and the Lions were asked to co-operate with a similar committee from the Rotarians to sell tickets. Seven Lions volunteered to do this.

Those present were: Edwin Aldridge, Fred Hale, V. R. Smitham, E. L. Gibson, J. M. Ferguson, Theo. Thomsen, Harry S. Edge, O. J. Parks, Robert V. Armstrong, Pat Newton, J. E. Hensarling, L. L. Stephens, Henry S. Locke, Lamar Jones, W. E. Neeley, J. Coulter Smith, F. D. Fuller, M. E. Cox, T. A. Munson, S. G. Bailey, R. L. Brown, E. J. Hunt, J. Bryan Miller, Jno. W. Black, C. A. Searcy, Sol Gerson, Geo. W. Griner and S. E. Eberstadt.

TEXAS TEAM WON OVER TEAMS OF 12 OTHER STATES ENTER

Total Score of Aggie Squad Was 4,386 and Iowa Finished Second with 4,355—Farmers Placed Thirty-five of 50 Classes Correctly—Pinson, Cadet Colonel Second in Honors.

(Special to the Eagle)
COLLEGE STATION, Nov. 18.—The student livestock judging team of the A. and M. College of Texas won first place in the contests at the American Royal Livestock Show in Kansas City on November 14, according to information received at the College today. Teams from twelve states competed, with 6 students composing the team from each state. Texas headed the list with a total score of 4386, Iowa second with 4355, Colorado third with 4295, and the other states in the following order: Kansas, Illinois, Oklahoma, North Dakota, Wyoming, Missouri, Nebraska, Wisconsin and Arizona. The Texas A. and M. team placed 35 of the 50 classes correctly.

PINSON IS SECOND.
W. M. Pinson of Forney, Texas, cadet colonel at the A. and M. College, was second highest individual of the sixty men entered in the contest, only one man from the Illinois team scoring above him. Another member of the Texas team, J. C. Idol of Coleman, won third place and J. G. Gillespie, also of Coleman, placed twelfth.

The team will remain in Kansas City this week for practice judging with the livestock on exhibition there in preparation of the great contest at the International Livestock Exposition at Chicago on November 28.

Kurten Girls' Club Elected New Officers

The Girls' Club of Kurten met at the auditorium Monday, November 16th, 1925, at 2:30 o'clock. New officers were elected for the coming year. Lorene Keith was elected president; Virginia Kurten, vice president; Gussie Odom, secretary, and Carrie Yeager, club reporter. Lessons on the making of cup towels and hot dish holders were given to the first year girls. The second year girls were given lessons on how to make head patches, and third year girls were given lesson on stocking darning. The fourth year girls worked on home improvement articles.

Those present were: Lorene Keith, Virginia Kurten, Gussie Odom, Elsie Rae Gilpin, Carrie Yeager, Rosa Mae Bukowski, Pansy Odom, Florine Lang, Opal Terry, Ida Hahn, Gretchen Kasiski, Gussie Endler, Jewell Hearne, Lena Wager and Mamie Lee Hearne.

Officers of Steep Hollow Cemetery Assn. Re-Elected

An all-day meeting of the Steep Hollow Cemetery Association was held Sunday, November 15th at Steep Hollow church, with a large attendance. By unanimous vote of the Association, this will in future be an annual affair, to be held at the church on the third Sunday in each November. The meeting was called to order promptly by the President C. M. Risinger, and a splendid program of readings and short talks made.

The annual report of the association's secretary, Miss Laura Mims, was then given, and was an inspiration to all present. It showed, not only good work done in cleaning, keeping and beautifying the cemetery grounds at Steep Hollow church, but also evidenced loving remembrance and co-operation from those residents of the community now, and those who lived there in former years. Letters of appreciation of the work being done and enclosing checks to assist in carrying the work forward were read from the following: Ben Wiley, Claude Horton, Sam Lee, Jesse Bullock, Mrs. M. Buchanan, Mrs. John McCorquodale and others. In recounting the work of the year, the secretary also mentioned with appreciation the cooperation given the work and its finances by the business men of Bryan, and expressed publicly the thanks of the organization for same. The association's membership roll now numbers about 300 and the annual dues are \$1.00 each.

At the noon hour a bountiful dinner was served to all present, and the usual social gathering of old time friends and neighbors enjoyed.

Reassembled for the afternoon session, the officers and board of directors of the Steep Hollow Cemetery Association were re-elected as follows: C. M. Risinger, president; Miss Laura Mims, secretary-treasurer; Directors: C. M. Risinger, I. M. Cook, T. P. Hall, J. J. Vandiver, W. H. Buchanan, Mrs. I. M. Cook, Mrs. Ethel Edmonds, E. A. Peters, H. P. Dansby, Miss Laura Mims, Miss Lola Foster, Mrs. J. W. Wiley, J. E. Hensarling, J. D. Martin, and T. A. Hensarling, Sr.

A program of good singing closed this very pleasant and profitable day.—REPORTER.

COUNTY AGENTS AS FARMERS

Forty-two of the 179 men who have been county agricultural agents in Ohio in the past eight years have resigned to farm for themselves. These figures should go far to refute the popular impression that "agricultural college graduates don't farm." The county agents are the local representatives of the college of agriculture in the various counties. Their job is to carry the college and its teachings to the men on the farms. They must be college graduates, and when nearly a fourth of this group of men resign from their salaried positions to practice what they have been preaching it speaks well for both preacher and practice.

It also speaks well for farming as a profession that these men who know all phases of farming have seen better returns in farming than in their former work, even during these years of agricultural depression. They see in farming a constantly expanding opportunity, while the county agent soon reaches nearly his maximum possible salary.

One of the reasons why the agents have given up their positions is that they may have the opportunity to live a more normal life. The county agent is on the job at all hours of day and night, and after being at the beck and call of the public for a few years at a very moderate salary, he changes to work which will at least let him have his meals and evenings with his family.

The charge that agricultural college graduates do not farm has been disproved many times before. Farming is only one of a multitude of vocations for which the college of agriculture fits men, and surveys show that as large a proportion of agricultural men are doing the work for which they were trained as those from any other professional school. To start actual farming today requires considerable capital, which the average college graduate does not possess, and even though farming is his ultimate goal he must often take up other work until he can get a start. County agent work has offered a favorable and useful opportunity to many such men. Very many of the agents still in the service look forward to farming ultimately.—Christian Science Monitor.

NOMENCLATURE

Names are growing a little scarce for football teams. The name of each team is supposed to symbolize, giving expression as it were, to something its town is noted for. For this reason we suggest that the Clarkville team be called the "skateers" and the team from Mount Pleasant the "fruit jars"—Honey Grove Signal.

Following the above suggestion, the Palestine team should be called the Israelites; the Tyler team, Politicians; and the Honey Grove aggregation, the Windjammers.—Mineral Wells Index.

Likewise the "Bryan" high team could be characterized as the "Anti-Evolutionists" or the "Also Rand Democrats." It is quite "clear" what name should be given to "Plainview" and Brownwood might prefer something like "Mahogany." Will's Point might be "Bird Dogs" and Mineral Wells might be the "Bathers." At any rate what would you do for "her'n" (Hearne)?

Miss Ino has received a query from a young lady at Mineral Wells, who wants to know how a man can be charged with "man" slaughter for killing his wife.

Didja ever tell a "new" joke and notice that nobody laughed? Didja?

JINX FAVORS AGGIES TO WIN THANKSGIVING

The Aggies certainly smothered the Rice Owls Saturday and they are apt to play in their best form of the year Thanksgiving Day. For the first time this season, the Farmers will have their full strength in that game. Berry will be back in splendid shape, which means that he will be at quarterback with Hunt at one half, Kishi at the other and Wilson at full. Texas University cannot beat that combination without the aid of a fluke, for although Texas is undefeated in the conference to date, the god of fortune has certainly smiled on its efforts. As a whole the Texas team is not much stronger than it was last year. One will have to give Stewards credit for what he has done this year.—Jinx Tucker.

JUDGE W. C. DAVIS DELIVERS AN ELOQUENT ARMISTICE DAY TALK AT NAVASOTA LAST WEDNESDAY

(Navasota Examiner-Review)

It was a disappointing moment Wednesday morning when the rain began to descend just as Judge W. C. Davis commenced to speak. It was at once seen that an out of doors program could not be continued and the crowd was invited to the school auditorium. Some went home before they learned that the program would continue, but those who did go to the school house were rewarded by a stirring, patriotic address.

"I like to think of the American soldier as the greatest soldier in the world because the American soldier has never drawn his sword except in defense of a principle," said Judge Davis in the outset of his address. He said that an Armistice Day program appeals to all patriotic American people and to all liberty loving peoples of the world. He said that it was a great occasion when people gather on a holiday set apart by the Government. He referred to Thanksgiving Day as the first such day declared by the American people, stating that others have followed as the country has grown and triumphed over difficulties.

Throughout his speech, the Judge held up the American soldier as a hero and also all people who love liberty and stand by the principles of it. He told of the origin of the Magna Charta, when the English people wrested from King John his power to oppress them and forced him to sign that document which warranted the exercise of their God-given rights. "As long as human rights appeal to man the Magna Charta stands out as a great principle that men are born with equal rights," he declared.

"The second great Magna Charta he said was formed July 4, 1776, when the American people reaffirmed, sanctified and glorified things contained in the Magna Charta when they wrote the Declaration of Independence," he said and expressed his regret that the people of the South do not celebrate the Fourth of July as of yore. He spoke of being in the South on one Fourth and how new to him was the whole-hearted celebration which he saw and heard on every hand. He said that 90 per cent of the men who signed the Declaration of Independence lived South of the Mason and Dixon line and that they had given to the following generations a priceless heritage.

England, France, Italy and other European nations as well as America today lay down their

prejudices, and so do all the civilized nations with a few exceptions and celebrate Armistice Day and pay honor to the American soldier who was the salvation of the cause for which they fought.

Here he took occasion to pay a beautiful tribute to the boys of the United States who went overseas in the cause of liberty. He referred to the struggles of the Revolution when men fought under such difficulties that they could be traced in the bleak winter by footprints of blood on the snow and ice. The soldier of the Confederacy, also those of the Northern Army were heralded as brave men who stood by the principles of right to the last. He said that his father was a Confederate soldier, following Gen. Robert E. Lee, which General he referred to as the greatest soldier on earth.

"God preserved the nation," he said as he led up to the beginning of the World War. Continuing he said, "Over in Europe a nation had grown powerful," whose universities and whose preachers taught that the greatest things were material. Here he told of the great Bismark, whom he said had an ambition and laid plans for Germany to control the world. He recounted from the day of Bismark down to and through the great World War.

"If I ever go to Europe I want to first go to that little country of Belgium and take my hat off to the liberty loving people of that country who held Germany at bay until the other nations could make preparations for war," he said as he told the story of Belgium's sacrifice in 1914.

Keep Good Men in Office.

Turning his attention to America in those trying days he said, "God placed a man at the helm of this nation whose heart beat with sympathy for mankind." He recalled the first draft and the departure of boys; how their mothers willingly let them go; how they upheld the flag. There were tears in the eyes of many in the audience as he touchingly spoke of the youth of land as they went out to face the foe.

"The only stain that was placed upon the flag was the pure, red blood of an American boy," he said as he told of bodies coming home wrapped in the national colors. Judge Davis closed with an appeal to good citizens to keep men in office and places of public trust who will stand by and support right principles. We cannot sit idly by and allow bad men to lead in authority, he said, without being a party to it.

NAME OF NAVASOTA DISTRICT IS CHANGED HUNTSVILLE DISTRICT AND REV. JESSE LEE IS NAMED

(By Associated Press).

JACKSONVILLE, Nov. 16.—The eighty-sixth annual conference of the Texas Methodist Episcopal church, South, was brought to a close here Sunday night with the announcement of pastoral assignments and the appointment of presiding elders of the 10 districts under the conference jurisdiction.

Bishop John M. Moore of Dallas, presiding bishop, who made the appointments concluded the last annual conference this year in his district, which includes the east Oklahoma, west Oklahoma, north Texas and Texas conferences and all of the Indian mission work of the Southern Methodist church.

Only one change was made in the presiding elders. The Rev. Jesse Lee, pastor of the Thirty-Third Street Church at Galveston for the last two years, was made presiding elder to succeed the Rev. D. H. Hotchkiss, who had been presiding elder of Navasota district for three years. The name of Navasota district was changed to Huntsville district, as that has been the residence of the presiding elder for some months. Mr. Hotchkiss was made superintendent of the Methodist Hospital at Houston. The Rev. H. W. Knickerbocker, formerly pastor of the Port Arthur Methodist church, and a brother of Dr. H. D. Knickerbocker, presiding elder of the Dallas district, was transferred to Port Arthur.

Music Study Club In Regular Session

The Music Study Club met in regular session on Thursday p. m. The roll call was answered with current musical events.

After a short business session, a very interesting program was entered into with Mrs. Jno. Seeley Caldwell as leader. After a few introductory remarks by the leader, Mrs. M. E. McCartney delighted the club with a beautiful piano number, "Minuet" by Padarewski. Miss Alice Burtis gave a very instructive lecture on the second chapter of our course of study. The music appreciation hour was in charge of Mrs. R. L. Ware, who showed rare taste in her selections. This club is delighted to announce that on Sunday, November 22, at 4:30 p. m. at the Methodist church a Sacred Twilight Musical will be given under the direction of Mrs. Jno. Seeley Caldwell.

Cloud of Bryan Will Join Bears

Baylor has no punter of merit on its football team this year, but if two of the Club stars continue to improve, the Bears are not apt to be weak in that department in 1926. Noble, a Marlin product, who last year was with the Decatur Baptist team, has been punting the ball high, far, wide and handsome in practice, but is now out with a badly sprained ankle. The other punter of merit is Cloud, a Bryan product, who also has been getting considerable distance with his kicks.—Waco News-Tribune.

ELEVEN CADETS SUSPENDED ON HAZING CASE

"PARTICIPATING IN HAZING", WAS FINDING OF DISCIPLINARY BOARD.

To September '26

COMMANDANT'S OFFICE REFUSED TO GIVE OUT NAMES OF THOSE INVOLVED.

(Special to the Eagle).
COLLEGE STATION, Nov. 13.—Eleven cadets were suspended from the A. and M. College of Texas by the disciplinary committee of that institution today. "Participating in Hazing" was the finding of the committee. "While no injury, physical or mental, was done to the Freshmen involved in this case of hazing, the regulations of the institution and the laws of the state, and therefore were suspended from the College," declared Col. F. H. Turner, Commandant of the College, in discussing the case. The suspensions will be effective until September of 1926.

Franklin Editor Visitor In Bryan

R. B. Rutherford, editor of the Franklin Texan, at Franklin, Texas, accompanied by his wife and daughter, Dorothy Nelle, motored down to Bryan today on business and called at the Eagle office to learn where he could find the things that he desired to purchase. He wanted to get some electric fixtures for his new home which he is building at Franklin. Having been unable to get them in Franklin, he had to choose between Waco and Bryan to make the purchase and chose our little city, which is indeed a compliment.

Mrs. Grubbs Is Laid to Rest In Bryan Cemetery

Funeral services were held at 3 o'clock Thursday afternoon from the residence of the late Mrs. D. B. Waite, for Mrs. Frances Lonnie Grubbs, who died here Wednesday. Services were conducted by Rev. Roy S. Holloman, pastor of College Avenue Baptist Church, assisted by Rev. Wm. N. Sholl, pastor of the First Presbyterian Church. Interment was in the Bryan City Cemetery.

The following poem is from the pen of the late Mrs. Grubbs and is considered of real merit in thought and composition:

MY SENTIMENTS

This world with all its riches
Is not to be compared
To a loaf from my Master's table
That I have sometimes shared.

I gather up the fragments
That from His table fall,
For there we are but servants,
And I the least of all.

And oh! what joy it gives me,
No human tongue can tell,
It brings me near to heaven,
Where I hope to dwell.

It fills my soul with rapture
And thrills me with delight,
The "evil one" to capture
And cast him out of sight.

Ben Holder Is Arrested On A Charge of Arson

Ben Holder, who lives in the Oak Grove section and whose home was the scene of a fire the other evening about 7:30 o'clock, was arrested on Thursday afternoon on a charge of arson. He was released on \$500 bond and his hearing set for next Monday.

BOB DAVIS IS HERE FROM HEMPSTEAD FOR A VISIT TO SISTER

Bob Davis of Hempstead is visiting his sister, Mrs. J. E. Stanford of Bryan. Mr. Davis is a salesman for the Fidelity Fertilizer Company of Houston and was formerly county agent of Waller county. He was a visitor at the Eagle office in company with County Agent C. L. Beason, he and Mr. Beason being old-time friends.

STOP THAT ITCHING

No matter how hopeless your case may seem, nor how long you have suffered eczema, itch, sores on children, poison oak, ring worm, tetter or old sores, we will sell you a jar of Blue Star Remedy on a guarantee. This is different from the ordinary skin remedy, as it penetrates the skin, going direct to the seat of trouble and immediately relieves that terrible itching. Will not stain clothing, and has a pleasant odor. ROMAN & VICK—Adv.

Consolidated Parent-Teachers Hold A Meeting

Over 50 members were present at the A. and M. College Consolidated Parent-Teachers' Association meeting on Thursday afternoon. A group of songs depicting the methods of music study was presented by the 5th grade pupils under the direction of Mrs. D. C. McIntosh. The first grade children then had a lesson in silent reading and story dramatization with their teacher, Mrs. S. D. Webb, directing. Both classes showed splendid training and the parents were delighted to learn of the modern methods of teaching. Mr. G. B. Wilcox, the superintendent, gave a talk explaining the method of supervised study used in the school this year. The round table discussion which followed was most interesting but lack of time made it necessary to continue this discussion at the next meeting. All parents who do not thoroughly understand this new method should be present at the December meeting and take part in the discussion. The time left was too short for many important business problems that were to be presented to the association. These problems will be brought up at the next meeting and they are vital to the welfare of the school. The President urges a large attendance. Further notice will be given in the Eagle concerning this meeting.

Reading Club In Big Armistic Day Program Tuesday

An Armistice Day program was given by the Bryan Reading Club last Tuesday. This being an open meeting the members of the clubs of Bryan and College were their guests. The guests were greeted at the door by Mrs. E. W. Bullock, Mrs. Spahr and Mrs. Jones who ushered them into the club room which presented a picture of patriotism and beauty. The desk being draped in red, white and blue, and on the table and scattered about the room were beautiful cosmos and ferns.

In the absence of the president, Mrs. G. L. Crawford, the vice president Mrs. E. W. Bullock gave the address of "welcome." After which she turned the meeting over to Mrs. Jno Seeley Caldwell, leader, who gave a beautiful memorial talk as an introductory to the following program: "Foreign Memorials" by Mrs. P. G. Gunter; Vocal selection by Mrs. Geo. Long; "United States Memorials," Mrs. Sterling Evans; "Texas Memorials" by Mrs. Simons; Two violin solos by Albert Gray, Allen Academy. Mr. McNair a student at A. and M. College closed the program by singing "Christ in Flanders Fields."

North Approach Of Pitts Bridge Is Washed Away

Pitts Bridge is impassable to traffic again, the north approach and first, or wooden, span of some 200 or 250 feet has been washed out again, the latest damage coming at about noon today, according to reports received at the Eagle office. The cost of repairing the damage will run around \$8,000 or \$10,000 and the actual work of reconstruction, when once begun, will take a month or more, even if the Highway Department should order it begun immediately. The Brazos river is low now, but the rise of last week and early this week had softened the bank and when the river went down again it is supposed that it just took the bank on the north side along with it. There is no indication of what the Highway Department will do in the matter. For some time there has been an agitation to relocate this bridge up near the railroad bridge site in order to prevent constant expense from washouts. The new 12-foot approach recently built went along with the rest of it.

Presbyterian Women's Circle Met Thursday

The Business Woman's Circle of the Presbyterian Church met for their regular monthly meeting Thursday night, with Miss Wesa Weddington. A special Thanksgiving program was carried out, led by Miss Edith Cavitt and Virginia West. Roll call was responded to by some happy Thanksgiving thought. Members present: Mesdames Lila Graham Bryan, O. O. Henderson; and Misses Ethel Cavitt, Esther Cavitt and Edith Cavitt; Nina Henry, Allie Montgomery, Harriett D. Parker, Alma Robinson, Virginia West, Clara Wetter, Lena Wetter, Wesa Weddington, Stella Stuart, Margaret Zuber; and visitors: Mrs. Oscar Goolsbee, Mrs. Elton Stuart, Miss Mae Wilson and Miss Merle Henry.

J. J. Parker of Steep Hollow was in Bryan Monday morning.

"PUNY" WILSON BRYAN HI COACH A SUCCESS

Fred (Puny) Wilson, coach of the Bryan high school football team, has had exceptional success in this, his first year as a coach. He has taken a set of green youngsters and carried them to a class B district title. Likewise he brought his team to Waco early in the season, and the Little Aggies gave the Tigers the best game they had during September and October, the final score being 20 to 0.—Waco News-Tribune.

Bids Are Let for The Water Tower On Last Night

The City Commission of the City of Bryan met on Friday night, the principal business was the receiving of bids and awarding of contracts on the new water tower for Bryan. There were three companies or firms bidding on the tower and each presented two bids, one for each of two types of towers. The Pittsburgh-Des Moines Steel Company of Dallas was the lowest bidder on No. 1 tank and the contract was awarded to them at the price of \$19,810. The following is the tabulation of the bids on each of the two tanks by each of the companies: Pittsburgh-Des Moines Steel Company, Dallas, No. 1 tank, \$19,810; No. 2 tank, \$20,210; concrete foundation, \$3,535; Southern Engine and Pump Company, Houston, No. 1 tank, \$20,755; No. 2 tank, \$21,170; concrete foundation, \$3,960; Chicago Bridge and Iron Works, Dallas, Tank No. 1, \$21,500; Tank No. 2, \$20,500; concrete foundation, \$3,080.

In addition to the three bids on concrete foundation rendered by the above, there were three local bids from Bryan as follows: J. H. Nash, \$3,698; O. Martinussen, \$3,383.50; and A. B. Carson, \$2,640. Mr. Carson being the lowest bidder, he was awarded the contract for the construction of the concrete foundation for the water tower.

Morning Choral Club Organized Friday Morning

The Friday Morning Choral Club was organized Friday morning, November 13th, at the home of Mrs. Roy Danforth, director. Sixteen members were enrolled at the organization meeting. The club will rehearse weekly, and will give their several cantatas during the coming Christmas season. The initial appearance of the new club will be on Wednesday, November 18th, at the open meeting of the Bryan Woman's Club, when an Art Program is to be given at the Carnegie Library, with Mrs. W. S. Howell as leader of the program. Officers of the Friday Morning Club as elected are: Mrs. O. A. Ashworth, president; Mrs. S. M. Hunter, secretary-treasurer; Mrs. E. M. Danby, reporter; Mrs. Roy Danforth, director; Mrs. W. N. Sholl, pianist. Membership: Mesdames W. S. Howell, J. Webb Howell, S. M. Hunter, O. A. Ashworth, A. L. Ward, J. Milton Fountain, Morris Tatum, George Foster, V. A. Duncan, J. B. Stevens, George A. Adams, Paul Stevens, George A. Long, E. L. Harter, D. C. Demaret, R. M. Danby.

George Norwood Died On Sunday—Lived At Wellborn

George W. C. Norwood, aged 72 years, 7 months and 26 days, died Sunday night at 10:25 p. m. at the family home 3 miles south of Wellborn, after an illness of four weeks. Funeral services were held from the family residence Monday evening at 3:30 o'clock, conducted by Rev. J. J. Pipkin of Bryan and interment was in the Wellborn Cemetery, with arrangements in charge of the McCulloch-Gordon Co., undertakers. Besides his widow, he is survived by 3 sons, L. E. Norwood, Joe Norwood and J. M. Hopkins, all of Wellborn; and 3 daughters, Mrs. E. J. Redman of Wellborn, Mrs. S. B. Holder of Austin, and Miss Lela Norwood of Wellborn.

Miss Lilla Belle Gilpin spent Saturday and Sunday in Houston with relatives, and attended the Rice-A. and M. football game.

HOW DOCTORS TREAT COLDS AND THE FLU

CONFERENCE IS HELD LOOKING TO SOLVING OF FARMING PROBLEMS

Representative Farmers From All Sections of County Meet With Bryan Business Heads to Discuss Ills of Agriculture and Methods or Steps To Be Taken To Remedy Conditions.

Perhaps one of the most important meetings held in recent months was that conducted on last Saturday afternoon by M. L. Parker, chairman of the agricultural committee of the Bryan Chamber of Commerce, to which a number of leading farmers had been invited, Kurten, Tabor, Reliance, Rock Prairie, Wellborn, and the Brazos Bottoms being well represented. Chairman Parker stated that the object of the meeting was to ascertain from the farmers themselves some sort of idea of their own diagnosis of our agricultural situation and what remedies should be applied in an endeavor to relieve the ills found, or recognized in our agriculture. It was stated that now, as never before, is seen and felt the interdependence of the farmer and the business man. The farmer has always felt that his success or failure was an index to the condition of business. Business men everywhere are now recognizing as never before the importance of helping in every way possible to put agriculture on a more permanent and prosperous basis.

One of the significant features of the meeting was the unanimous agreement on the part of the farmers present that there are outstanding ailments affecting our present-day farming, but which need only the application of well recognized remedies to effect cures or restore former life and vitality. Walter Armstrong, president of the Tabor Welfare Club, stated that we had too long robbed the soil to expect production in keeping with the demands of the time; that terracing was becoming generally recognized as important, but that within itself was not a soil builder—merely a foundation awaiting the proper rotation of crops, the planting of legumes, etc., to give increased fertility of the soil. He stated that in his opinion the Chamber of Commerce would render a valuable service in stimulating an interest in soil improvement throughout Brazos county.

Gus Stevenson of the Kurten community stated that we should give more attention to the planting of legumes and not get discouraged because they, perchance, do not thrive in a dry year like this.

Feed Stuff Comes First.

W. E. Graham of Wellborn said that rotation of crops and diversified farming stand for the improvement of the soil and for greater prosperity to the farmer, citing as an example his own experience getting double the yield of cotton on land previously planted to corn, and that his experiences in diversified farming had proved most remunerative. He, as well as all others present, declared we must return to our former practice of producing our own feed stuff at home and guard against the impending danger confronting the whole country today on an over-production of cotton next year, a thing that would bring disaster to farming and all business as well.

E. R. Lloyd of Kurten said our policy should be ample feed stuff first and then cotton. He stated that he was cultivating land which had been in cultivation 65 years, yet producing good crops without the aid of fertilizer; but upon being questioned he admitted that there are perhaps few farms in the county that had held such fertility.

More Contentment.

John L. Stasney of Rock Prairie, president of the County Farm Bureau Federation, stated that in his opinion something should be done to help bring more contentment on the farm, that the farm boys today are not looking forward to becoming farm owners in the future. He said that he realized that the farmer is the only person who can go broke, stay broke, and yet remain on the farm; but he declared there is a sort of dissatisfaction in such a condition that is not encouraging for the future of agriculture, because it continually drains the rural districts of the best talent. District Agent George W. Johnson assured Mr. Stasney that this thing should not cause worry, for the reason that the towns needs this good blood from the country, and further, over-production on the farm would be the result, if all boys remained on the farm.

Plan Commenced.

In commenting on what he termed a most important step on the part of the farmers of this county and the business men of Bryan, Mr. Johnson reminded those present that throughout some 30 counties he visits, the reputation of Bryan and Brazos county is held up, largely so because of the "breaching" of Secretary Sam E. Eberstadt, and that it now devolved upon the Bryan Chamber of Commerce and the farmers of Brazos county to show the "blue prints," if indeed not the building itself, on account of which we enjoyed so much favorable publicity. He commended Mr. Parker for calling a conference with farmers, as well as praising the farmers present for the agreement on working out a well-balanced plan of diversified farming and soil building, pointing to the fact that no well-established plan of successful farming can come over night, that we must map out a program covering a number of years; that we must build our land in the winter and farm it in the summer time, quoting, as an evidence of the need of foresight in our work, the old Chinese proverb, "If a man will take no thought of his distance he will find sorrow near." In closing his remarks, Mr. Johnson declared that he had

never seen, from his own experience on an East Texas farm, or from observations among farmers throughout Texas, permanent prosperity coming to anyone who continually practiced a one-crop system of farming.

Committee To Work.

Z. L. Jones of Reliance exhibited at the meeting some very fine heads of hogs saying that his success in growing this variety of feed crop had been fine this year. Roy Robinson of the Higgs-Robinson farm in the Brazos Valley, and Walter Armstrong, of Tabor, proposed to conduct a demonstration of ten acres each in whatever crops could be planned for greatest economic results and soil improvement.

Following the suggestion of the farmers present, Chairman Parker adjourned the meeting to call a committee of a few leading farmers during the next few days to work out a definite plan and program of work looking to the improvement of agricultural conditions, and when the plan is worked out the business men of Bryan will be asked to lend encouragement, as they have at all times signified their readiness to do, to whatever the farmers decide toward the betterment of agriculture.

Among those present at the meeting were: M. L. Parker, Gus Stevenson, Z. L. and George Jones, John L. Stasney, Walter Armstrong, W. E. Graham, Roy Robinson, District Agent George W. Johnson, S. E. Eberstadt, E. R. Lloyd C. L. Beason and Will Henderson.

Joel Hunt Praised As Aggie Star

In 1923 Will Washam and Joel Hunt alternated at a halfback position on the Waco high team. Both were great running backs, each playing two quarters each game. Today Hunt is a star at A. and M. Washam is ineligible for the varsity at Baylor, but he will be eligible in 1926. In high school he was better in carrying the ball than Hunt, but was not the star that Hunt was defensively. It will be interesting to note how Washam fares in intercollegiate football next fall in comparison with the young Aggie star.—Waco News-Tribune.

AGED NEGRO HIT BY H. & T. C. ENGINE

JOE ROGERS RECEIVED GASH
IN HEAD AND ON CHIN
WHEN HIT BY ENGINE

Internally Hurt

ACCIDENT HAPPENED CROSS-
ING IN REAR OF HAS-
WELL'S BOOK STORE.

Joe Rogers, negro, aged about 80, was hit by an H. & T. C. engine about noon today at the crossing in the rear of Haswell's Book Store. He was picked up by D. Mike, shortly after the incident and helped to his home by Sheriff Jess Conlee and three colored men, Geo. Jackson, John Wilson and Dr. A. E. Thompson. Dr. Thompson took six or eight stitches in the negro's head where he had a long gash, and three stitches in his chin. He also complained of his side hurting him, indicating that he may have been hurt internally. The aged negro has a stiff neck which he says is due to a previous similar injury. The negro made his living by pushing the wheel chair of Albert Elbrich about the city and to and from his home to his work on Main street. Rogers lives in Freedmantown, a negro section of Bryan.

Miss deStigeur Honored Guest At Delightful Party

The Philomena Club's party on Saturday evening at the home of Misses Vada and Patty Tucker was a charming compliment to Miss Eugenia deStigeur, popular member of the Club who will leave for her home in San Marcos next week, where she will be married during the Christmas holidays to C. L. Craig, of Panhandle. Hand-painted cards in gold were sent out to invite the friends of the honoree; and the club colors of orchid and gold were cleverly featured in floor baskets and bowls of flowers in lavender and yellow tones in the reception hall and living room. The guests gathered informally around the open fire in the hall until the arrival of Miss deStigeur, who was then escorted into the living room and told to find the end of the rainbow which extended from the wide entrance entirely across the dining room. Hidden in the pot of gold were the many beautiful gifts brought by the friends who were circled around the surprised bride-to-be. Following the opening of the gifts and their display, Mrs. E. B. Reynolds added to the entertainment of the evening with a reading. The guests were also delighted with a dance by the charming young artist, Betty Swallow. Refreshments were served in the dining room, where the chosen colors were noted in the appointments. The table was graced with an embroidered cloth over yellow, and between tall silver candlesticks tied with orchid maline and holding yellow candles, was a centerpiece of button chrysanthemums and fern. The buffet also held the silver candlesticks with orchid maline and yellow candles and the colors were here reflected in bunches of purple grapes and golden oranges in a silver bowl. Tall baskets of yellow and orchid chrysanthemums with fern were placed on each side of the room and over the window seat at the end. Miss Eleanor Wilkinson presided over the tea service while Miss Gladys Dowling served individual cakes iced in yellow, and salted nuts. The guest list included: Mesdames E. B. Reynolds, C. E. Friley, John Hunt, O. O. Henderson, E. X. Bodecker, of Hearne; T. Stanciliff, C. E. Griesser, L. Robertson, I. E. Warren, H. T. Mast, of Nacogdoches; J. W. Watson, of Mart; J. W. Munson, E. L. deStigeur, of San Marcos; E. C. Tucker, J. B. Sanders, Norman Cook, Prince Dishman, A. P. Swallow, and J. E. Dishman; Misses Mildred Salley, Mary Galbraith, Reba Dick, Lena Wooten, Artie Lou Smith, Hertha Thomson, Anne Louise deStigeur, of San Gabriel; Louise Hillyer, Katy Daly, Lillian Moore, Alice Nolan, of Hamilton; Helen Rance, and Maude Brown. After the departure of the guests the following club member remained for a slumber party and for a final visit together with the honoree, Miss deStigeur: Ruby Buchanan, Edith Thomson, Vada Tucker, Velma Broach, Erma Munson, Patty Tucker, Eleanor Wilkinson, and Gladys Dowling.

Roads Over the County Getting In Shape Lately

The roads in this county are now getting back into better condition as a result of the work being done on them following recent heavy and continuous rains, said E. J. Bradley, who is in charge of the highway, under Supervisor W. A. Boyett, on state designated highways. He called at the Eagle office on Friday afternoon to report the collapse of the approach to Pitts Bridge on the Brazos County side, and stated that dragging was in progress along both cross-county state highways at this time. He said that due to the fact that the new road between Hearne and Bryan was banked up when the drouth was on and did not get settled before the rains, that the shoulders were being washed away and it was not in condition for travel, therefore traffic was being directed over the old road or route formerly used, which goes through the little city of Benchley. With regard to the east and west highway, Mr. Bradley said he had been told that the Navasot river had been six miles wide at places recently, but the waters had now receded and that he thought that cars could get across Democrat crossing on the Kurten road by this week-end, perhaps today. The road to Pitts Bridge is now passable but the approach to the bridge being gone, one cannot go farther. A few people were in town today from Steele's Store, showing that that road is open. The King's Trail is good all the way through the county and visitors to the Rice-A. and M. game got through to Houston by car by making one detour.

Rev. Meyers Pastor Lutheran Church Goes to Houston

Rev. and Mrs. A. J. Meyers and two children, who have been making their home at Kurten left today to make their home in Houston, where Rev. Meyers has accepted the pastorate of Houston Heights Lutheran Church. Rev. Meyers for the past two years has been student pastor at A. and M. College for the Lutheran church and also pastor of the Kurten Lutheran church. He came to Texas about five years ago from Missouri.

CLIFF LOPEZ OF KURTEN CLUB WINS A TRIP TO CHICAGO SHOW

For Third Successive Year Brazos County Wins
Trip to International Livestock Show and
Kurten Club Producing Winning Boy Each
Time—Santa Fe Railroad To Pay Expenses.

In competition with other agricultural club boys throughout District No. 6, comprising some 19 counties, supervised by District Agent Geo. W. Johnson, the judges appointed by the Extension Service have announced that Cliff Lopez of the Kurten boys' and girls' club has won a Santa Fe trip to the International Livestock Congress to be held in Chicago in the early part of December. A significant work of this club boy was that in the midst of a drouth, the most severe the section has ever known, he has produced 1,720 pounds of seed cotton on one acre of land, this being accomplished by his having constructed an improvised dam on Cedar Creek to enable him to irrigate the land sufficiently to bring the cotton up. This is the third consecutive year that Brazos has won the trip to Chicago, and each time it was the Kurten Club that produced the winner. The first to make the trip was Jim Kurten, on turkeys; second, Britten Henderson, on poultry, and now Cliff Lopez, on cotton.

A MEXICAN YOUTH

Cliff Lopez is a Mexican boy of 16 years of age. He lives with his parents in the Fickey community, north of Bryan, Mr. and Mrs. Raphael Lopez. The family owns a small farm, but the prize-winning acre of cotton is rented land. In due time, the Agricultural Agent of the Santa Fe Railroad Company will forward to County Agent C. L. Beason a check for \$120 mae payable to Cliff Lopez to defray his expenses in their entirety to the Chicago show and to furnish him a reasonable amount of spending money while there. Big business firms and the railroad companies vie with each other in showing the boys a good time on their visit and there will be some 3,000 delegates to the show.

Outstanding Boy.

It will be remembered that Fred Mercer, a tenant farmer boy of Oklahoma was last year declared to be the most outstanding club member in the United States because of his splendid work that he had done on an Oklahoma farm, assisting the father to introduce better methods which had brought prosperity to the entire farm enterprise.

This is Cliff Lopez's first year in club work and there is no telling to what heights he may climb in the future years of work. Realizing the significance of these trips to the club boys of Brazos county, all are launching out on a campaign for next year to win some of these wonderful trips. Competing with Cliff Lopez for the trip this year were Herman Henderson, Bryan Hearne and Joe Yeager, all of the Kurten club, and Freddie Conrad of the Tabor club.

Just Eleven Short Of 7,000 Bales Ginned to Date

There were 6,989 bales of cotton, counting round as half bales, ginned in Brazos county from the crop of 1925, prior to November 1, 1925, as compared with 17,994 bales ginned to November 1, 1924, according to a card report tabulation from the Department of Commerce, Bureau of Census, Washington, D. C., W. N. Steuart, director.

County Agent C. L. Beason received a phone message last night from Caldwell which stated the very serious illness of his aunt, Mrs. W. S. Lackey, who has been ill for some time and whose condition was said by her son, W. W. Lackey, to be quite critical at this time. County Agent Beason spent the morning in seeking the services of a trained nurse to send to Caldwell to care for Mrs. Lackey during her illness.

Tabor Planning To Dedicate New Auditorium Friday

If weather conditions permit, there will be a dedication of the new auditorium at Tabor school house and community center on next Friday night. A special program has been prepared of an informal nature. The Allen band is expected to be on hand to furnish music and following the regular program there will be a box supper. A local quartet will participate in the program, according to present plans. Bryan and Brazos county people interested in such programs and box socials are cordially invited to come out Friday night and have a good time.

OF INTEREST IN BRYAN

One of the interesting events which preceded the wedding of Miss Anne Lila Wickes and Clifford Mitchell, both of Bryan, was the dinner party given Friday night at the Rice Hotel by Ward Moore of Bryan in their honor. The prettily appointed table was centered by a large basket of pink Killarney roses and held covers for the host, honor guests, Miss Lois Bethea, Miss Mary Edna Wilkins, Edwin Crenshaw, and Mr. and Mrs. Sam Parker of Bryan. Following the serving of the menu, dancing was enjoyed.—Houston Chronicle.

Circle Five Is Host for All of Other Groups

All the Circles of the Women's Auxiliary of the First Baptist church met Monday afternoon at 3 o'clock at the home of Mrs. E. B. Elliott on College Boulevard, with the members of Circle Five, of which Mrs. Elliott is chairman, as joint hostesses. The Halloween season was featured in the artistic decorations, with golden cosmos blossoms, chrysanthemums, and yellow pumpkins, apples, oranges and other autumn fruits grouped with many chrysanthemums and ferns forming a centerpiece on the dining room table. Halloween faces smiled from the many electric globes, and golden head streamers ran from the electric globe above the table to the four corners.

Mrs. Youngblood Is Named Honoree By Waco Shakespeare Club

Mrs. B. Youngblood of College Station, president of the fourth district Texas Federation of Women's Clubs, has been named one of the honorees by the Shakespeare Club of Waco for their tea this afternoon at the Raleigh Hotel, when they entertain for Mrs. J. U. Fields, of Haskell, recently elected state president of Texas Federation, and Mrs. J. C. Nagle of Dallas, vice president.

M. E. Groups Met Monday Afternoon

The Woman's Missionary Society of the First Methodist church met on Monday afternoon in groups at the homes of group members, reports of which meetings have been turned in to the Eagle as follows:

Group No. One.

This group met with Mrs. Oak McKenzie. Mrs. Will Hall led the Mission Study lesson, assisted by Mrs. Oak McKenzie, Mrs. Dave Munday and Mrs. H. D. Cuykendall. At the close of the meeting Mrs. McKenzie served refreshments of ice cream and cake and all enjoyed some splendid Victrola music. The meeting next week will be held with Mrs. Will Hall. Those present were: Mesdames Will Hall, Dave Munday, H. D. Cuykendall, M. R. Bentley and Oak McKenzie.

Group No. 4 Meeting.

Group No. 4 met Monday afternoon with Mrs. L. A. Koenig. There were fourteen present; eleven members, and two visitors, Mrs. Dora E. Williamson and Mrs. T. W. Jensen, and our president, Mrs. H. N. TEXAS LEADING OKLAHOMA AND KANSAS PRODUCTION SORGHUMS

(Special to the Eagle).
COLLEGE STATION, Nov. 17.—Figures from the United States Department of Agriculture Year Book for 1924 reflect the superiority of Texas over the neighboring states of Oklahoma and Kansas in the production of grain sorghum. Texas' leads over these states is more than six bushels per acre. According to the Year Book figures, the average yield per acre of grain sorghums in Texas in 1924 was 25 bushels per acre; for Oklahoma 22.1 bushels per acre and for Kansas 21.4 bushels per acre. The average yield for the seven year period from 1918 to 1924 for each of the three states was as follows: Texas 25.1; Oklahoma 18.2 and Kansas 18.4 bushels per acre; giving Texas a lead of 6.7 bushels per acre over Kansas and 6.9 bushels over Oklahoma. Priced at 87c per bushel this increased yield results in the Texas farmers having \$10,597,635 more in their pockets than their Kansas neighbors and also \$10,895,445 more than the farmers of Oklahoma.

Both Kansas and Oklahoma have soil and climatic conditions as favorable for the production of grain sorghums as does Texas, yet both these states fall far short of the Lone Star State in acre yield. The explanation of this fact lies in the high type of seed planted by the Texas farmers, for which the Texas Agricultural Experiment Station of the A. and M. College is largely responsible. Every farmer who produces grain sorghums in this state plants a high type of line bred seed that has been bred for production by the Experiment Station. They were forced to plant line bred seed by its overwhelming superior yield under all conditions.

SMITHVILLE HIGH AND BRYAN TO PLAY HERE ON FRIDAY FOR THE CHAMPIONSHIP TWO DISTRICTS

Football fans of Bryan those who are loyal in their support of the fine team that Coach Puny Wilson has developed from the talent in the local high school, will have an opportunity of seeing Bryan high in a classy game here next Friday when Smithville comes here for a game that will settle the bi-district championship. Business Manager Forrest Jones has made arrangements with the officials at Smithville for this game to be played in Bryan and it may be the last one that Bryan high will play, at least at home, this year.

The game will be played on Allen Field, beginning at 3:30 o'clock, with able and competent officials on the ground to assure a good, fair, clean game. Business Manager Jones states that it took an unusually large guarantee to bring this game to Bryan as Smithville had wished to play at home and for Bryan to come clear on the finances, much less lose money, it will take the personally active and financial support of the citizenship of Bryan. Everyone who is interested in Bryan high school and its athletic future are urged to be at this game.

CONDITION OF BRAZOS RIVER BRIDGES IS DISCUSSED AT THIS MORNING'S COMMERCE SESSION

F. L. Henderson addressed the Board of Directors of the Bryan and Brazos County Chamber of Commerce this morning, assembled in regular Tuesday morning session, on the subject of Pitts Bridge and Jones Bridges on the Brazos River, taking it up from the standpoint of the cutting off of transportation between Brazos and Burleson counties as a result of the washout of the approach to Pitts Bridge and the repair work which is now going on at Jones' Bridge.

He said that he felt this was a matter which should be taken up by committees of the two counties and the state highway commission and every effort made to get the bridges in shape right away. A motion carried that F. L. Henderson go to Caldwell and confer with the county judge and Senator R. S. Bowers and other representative business men and farmers, Mr. Henderson to represent the interested property holders, to discuss what steps should be taken, and further that the President appoint a committee of three, himself to be one, said committee to go to Austin with a committee from Burleson county to lay the matter before the state highway commission.

Need of More Funds.
J. Webb Howell addressed the meeting on the question of more finances for the Chamber of Commerce for more effective work and stated that a man only got out of an organization what he put into

Dwarf Milo Popular.
The story of the evolution of the grain sorghums is a romance in itself. Twenty years ago when the Farmers began to break up the raw prairies of Western Texas the only type of grain sorghum was a tall, tall variety that was late maturing variety that was, not drought resistant and was, all very poorly adapted to West Texas conditions. About this time the Main Station and the Chillicothe sub-station began ex-

On last night Bryan Lodge No. 176 met in regular weekly session and two candidates were initiated into the rank of page, E. D. Warner for No. 476, and W. N. Tucker for Brazos Lodge No. 64. The lodge had a fine meeting on last night and a good attendance. A record attendance is expected for roll call meeting, next Monday and light refreshments of coffee and cake will follow the regular evening's business.

Eberstadt Is Auctioneer At Harvey Program

Due to the threatening weather, only a small crowd of people were present on Saturday night at the box supper at Harvey school house, planned by Principal Noah Cole. It was a most enjoyable occasion, however, and 19 boxes brought \$25, with Secretary S. E. Eberstadt doing the auctioneering. The money will go into the piano fund for the school.

Rev. McCain to Return Pastor Of Methodists

From Jacksonville comes the glad tidings that Rev. H. H. McCain has been re-appointed as pastor of the First Methodist church at Bryan. Mr. McCain came here a year ago from Conroe and by his able work in the church, has won a place in the hearts of not only his own congregation, but amongst the townspeople in general. He has in a very short time acquired a large circle of friends who are glad to hear that he is to be among us for another year.

Other glad news is that we are to have Rev. Francisco Zito here as pastor of the Italian Methodist church, after an absence of several years. Rev. Zito understands his people and can talk to them in their own tongue. He was most efficient on the work when here before and is expected to work some marvelous changes upon his return here.

Rev. Jesse C. Thomson will return to College Station. Those who are in close touch with this pastor's work know that he has done some remarkable work at the College and also realize that he has not reached a culmination of this year. Some of the plans laid out are far-reaching and have objectives of a worth-while nature that are yet to be fulfilled and it is just and a due recognition of this live-wire and progressive pastor that he be given an opportunity to complete the work so well begun.

Mrs. Ames Speaks At A.-M. College On Prison Survey

Mrs. Jessie Daniels Ames of Georgetown, one of Texas most brilliant and gifted club women and a leader in thought and purpose for the better things of life, visited friends in Bryan for a few hours Monday morning. Mrs. Ames spoke at the Y. M. C. A. at A. and M. College on "Sunday night, her subject being: "Crime and the Prison Survey". She was en route from Bryan to El Paso to attend the annual meeting of the Texas Congress of Mothers, and left on the noon train for El Paso.

Better Production.
In speaking of the success of the Dames, Hoard's Dairyman quotes James E. Bolye as saying, in his new book, "Marketing of Agricultural Products," that "90 per cent of Denmark's success is due to better production and 10 per cent is due to better marketing." This would indicate that the Dames have learned to fit their production to the needs of the trade, and are therefore, unlike the cotton farmers who try to produce the limit each year regardless of the price that might be received or the amount the world needs. When the steel industry foresees that production is in excess of the demand the output is at once curtailed; when the demand for building material is poor, saw mills shut down and the hum of the saw is heard no more till conditions change; but such has not been the custom of our farmers. If we do not each year take in more land, we at least try to make the production greater on what we have, never looking ahead as the great industries do, to what may be the probable situation at market time. However, just now there seems to be a ray of hope. The banker and the business man, both foreseeing the imminent danger resulting from over-production of cotton next year, are urging the farmers to give more heed to the matter of diversification, not that so-called diversification of turning from one staple crop being threatened with over-production, to some perishable crop for which no market has been provided, or found; but that diversification which brings to the farm more feed stuffs for the livestock, more vegetables for the farm home, more home-raised bacon and less Kansas City lard, an ample supply of poultry and poultry products for the farm home, with a little surplus for the home market. Wherever this sort of diversification has been practiced, riches may not come over night, but there has been no distress among the people. Their lands increase in fertility, debts are more easily paid, schools are well supported, and contentment is found in the farm home.

Hens Not Conditioned.
Many poultry raisers seem disappointed at the failure of their flocks to lay a bountiful supply of eggs now while the price is going high, when as a matter of fact these same flocks were neglected during the summer and must now first be put in condition. Others feed only a grain ration and expect eggs, but experience has shown that the ration must be balanced.

Dependent On Farms.
Of the 14 points embraced in the plan of work outlined by the Paris Chamber of Commerce, looking toward the building of a "Greater Paris," the first three are concerning agriculture—agricultural and livestock development, better marketing facilities for Lamar county, and reclamation and soil development. Secretary W. W. Evans, formerly County Agent of Hopkins county, realizes that the future growth and development of Paris depends upon the development of a prosperous agriculture around that enterprising city. The same thing obtains with respect to many other Texas cities, including Bryan.

Building On Futures.
"Good roads—cement roads—are investment for posterity." Better Crops.

Miss Carra Mae McAllan is visiting her parents at Millican.

The Millican basketball girls and boys are getting up a play to raise funds for basketball equipment. The name of the play is "Deacon Dubbs." The cast of characters are: Lee Rodgers, Guy Curd, Harold Williams, Leonard Ward, Lummy Price, Margaret Davis, Alma Lois Williams, Reba Hughes, Suda Symms and Georgia Earl Dunlap. The play will be given Friday night, November third.

The Millican school did not dis-

miss for Armistice Day, but gave a program of patriotic songs, readings and pageants relating to the World War and Armistice Day, the singing of the "Star Spangled Banner," and saluting of the flag were features of the program. A history of Old Ironsides was given by pupils, followed by a talk by the principal in which the call for funds for the old ship was emphasized. The last but most interesting thing on the program was a song and dance given by Margaret Davis, Alma Lois Williams, Robbie Lee Hagin, Georgia Earl Dunlap, Thelma Seely, Reba Hughes, Mr. and Mrs. J. W. McCrary went to Bryan on Monday evening after school to do some shopping.

Mrs. Bill Symms of Dallas has been visiting her parents at Millican.

The Epworth League gave a splendid program Sunday night, which was led by Miss Janie Harrington. Miss Winnie Burrows gave a splendid League topic, which was followed by the Apostles' Creed by C. H. Davis. An interesting talk by Mrs. Emma Williams was followed by an instrument solo by Miss Margaret Davis; a League topic by Carroll Jameson; solos by Bell Bradley and Miss Myrtle Cunningham. The League was favored by a talk given by Miss Nannie Mae Williams, and was closed by the League benediction.

J. M. Williams was visiting his sister, Mrs. J. W. Smith on Sunday a week ago.
